At this time, all FCY boards and waved yellow flags will be removed and replaced with green flags at all marshal posts.
- 2.5. Except during the first 3 laps of the race, a FCY Procedure will always be declared before the SC will be deployed. The SC will enter the track to catch the leader. If necessary, it may overtake cars or use the green lights to signal cars between the SC and the race leader to pass the SC. Once the SC procedure will be declared, the SC will turn on its yellow lights and the FCY boards will be replaced with SC boards at all marshal posts. All cars must form in single line behind the SC no more than 5 cars lengths apart. Overtaking remains forbidden until the cars pass the line after the SC returned to the pits.
