SPORTING NOTE #6 — 17/10/2026

Please note the following clarification to the 2026 Sporting Regulations

1: Clarification concerning Article 123.1

TYRE ALLOCATION

…." Three sets of the tyres registered as new for the Event, S1, S2 and S3, must be designated for use during qualifying and the Race.
S1 must be used by Driver 1 during Q1 and throughout Driver 1's stint during the Race;
S2 must be used by Driver 2 during Q2 and throughout Driver 2's stint during the Race;
S3 must be used by Driver 3 during Q3 and throughout Driver 3's stint during the Race. "

It is clarified that, during the tyre marking process, each tyre is declared as front right, front left, rear right or rear left. The tyre positions, once declared, may not be changed or swapped left to right. In case of a puncture or tyre damage, any of the declared tyres, left or right, from any set may be used to replace the damaged or punctured tyre.
